SUMMARY

I'm a passionate Frontend Developer who started programming journey in 2024. I specialize in building responsive and user-friendly web applications using modern technologies such as **React.js** and **Tailwind CSS.** I enjoy crafting clean, efficient, and engaging user interfaces while continuously expanding my knowledge and refining my skills. My aspiration is to grow into a Full-Stack Web Developer by mastering Next.js, TypeScript, and advanced backend technologies.

SKILLS

- **Frontend :** React, Javascript, Tailwind CSS, Html, CSS.
- **Backend :** Node.js, Express.js, MongoDB, JWT, Stripe.
- **Tools :** VS Code, Github, Firebase, Postman, Vercel, Netlify, Figma.

PROJECTS

1. **Edu-Station** 🔗

Hotel Booking Application

Key Features:
- Browse and filter hotel rooms, view details, and securely book with date selection.
- Review system (only booked users can submit reviews with rating & comment).
- Secure authentication with Firebase (Email/Password & Google), plus JWT-protected routes.

Tech Stack: React.js, Tailwind CSS, Swiper, AOS, React Leaflet, React Datepicker, Node.js, Express.js, MongoDB, Firebase, JWT, Moment.js.

3. **Recipe Book** 🔗

[Live Link](#) [Client Side](#) [Server Side](#)

Recipe Management App

Key Features :
- Add, update, and delete personal recipes with images, cuisine type, and instructions.
- Like others' recipes (excluding own) & view Top 6 most liked dynamically.
- Filter recipes by cuisine with responsive UI and light/dark theme toggle.

Tech Stack: React.js, Tailwind CSS, AOS, Typewriter, Lottie React, Node.js, Express.js, MongoDB, Firebase.

EDUCATION

B.Sc in Computer Science & Technology   **(2025 - Present)**
Bangladesh University of Business & Technology(BUBT)
- Relevant coursework in Website Design and Project Management.

Diploma in Computer Technology   **(2019 - 2023)**
Rajshahi Polytechnic Institute(RPI)
- Started learning learning Web Design and Development.

LANGUAGES

- English (Intermediate)
- Hindi (Advanced)
- Bengali (Native)
